

CAP ACE Program

2020 National Award Winners

- The program started in 2007 as the *CAP Jr Cadet Program*.
- In 2008, the program became [ACE: Aerospace Connections in Education](#).
- The [Air Force Association \(AFA\)](#) has been a sustained sponsor of both ACE shirts and ACE program awards/grants. Appreciation to the AFA!
- 2020: Record # of students (over 76,500) all across America! [ACE School List](#)
- Click on each award, below, for each winner's story!

CAP ACE Program

How are our ACE Awards determined?

First, nominations are accepted for ACE major awards of National Teacher, School and Student of the Year.

Then, the CAP National HQ team in Montgomery, AL, decides which school has gone above and beyond; which school coordinator has worked tirelessly to ensure the teachers conduct the ACE program; and which individuals have uniquely stood out (with our knowledge by keeping us updated on what they are doing via photos and communications). All awardees are then selected.

Please join CAP for the 2020-2021 ACE program and keep us informed of all you and your school are doing with our youngest students, ACE kids!

Thanks to the Air Force Association for our national ACE award grants!

Points of Pride for 2019-2020

Record number of participants this year!

Schools: 517 (51%[▲]) Teachers: 1,287 (40%[▲]) Students: 76,537 (50%[▲])
