

PROTECT YOUR WINGMAN

Wingmen fly together and fight together.

Just like Air Force airmen, cadets stick with their wingman.

If your wingman is in trouble, tell any trusted adult.

Some things to watch out for include your wingman being . . .

- ☆ asked creepy, personal questions
- ☆ made to meet a senior outside normal CAP events
- ☆ singled out for special attention or favoritism
- ☆ asked to lie or knowingly disobey CAP regulations
- ☆ sent lots of private messages from a senior
- ☆ bullied or bullying someone
- ☆ in a strange mood or feeling weird for no good reason
- ☆ subjected to unwelcome, touchy-feely behavior
