1. CAPR 123-1 will soon begin revision as a part of the publication reengineering project. This interim change letter will remain in effect until the new regulation is published; there is no expiration date on this change letter, but we expect the new regulation to be published in FY17.

2. CAPR 123-1 will be amended as follows:

a. Paragraph 6g(1) is changed to read:

The inspector general will not be assigned (double billeted) to other organizational positions as defined by CAPR 20-1 (except for the position of Character Development Instructor). This restriction does not preclude an IG from operational assignments, including but not limited to: Emergency Services positions (i.e., incident commander, mission aircrew member, ground team leader, etc.), Cadet Programs support functions (i.e., driver, overnight supervisor, host, cadet competition judge or panelist, encampment staff, etc.) or Aerospace Education activities (i.e., teacher, seminar leader, activity monitor, aerospace education counselor, etc.). IGs performing duties on the aforementioned operational/support assignments shall not be appointed to investigate complaints arising during activities in which they participated. A wing or region IG may be temporarily assigned as an assistant to a wing or region staff director to satisfy the professional development requirements of a non-IG Specialty Track. In this case, the wing IG will not assume the duties of that staff director at any time.

b. Attachment 1, para 36 is changed to read:

36. Frivolous Complaint. A Frivolous Complaint is one or more allegations contained in a signed complaint which is:

- (a) Filed in a negligent manner without basis in fact of a violation of CAP Standards, regulations, or statutes;
- (b) Determined to have been brought forward in bad faith to cause harm, harass, annoy, or embarrass a member or to disrupt the missions of the Civil Air Patrol. Harm includes, but is not limited to, maliciously attacking a member's reputation, publicly posting harmful or false information, or making false claims about or against a member or the organization.
- (c) Vague, groundless, or false;
- (d) Determined to be created to detract from a regulations violation committed by the complainant.

- (e) Repeated submission of an allegation to the Civil Air Patrol that was previously presented and closed as dismissed, invalid or unsubstantiated.
- (f) The filing of multiple complaints by the same member that are dismissed or unsubstantiated. These complaints need not be regarding the same incident or issue.
- (g) Not clarified or amended by the complainant within a reasonable period after an IG request for information that would distinguish the complaint from a frivolous complaint.

c. Attachment 1, para 64 is changed to read:

64. Protected Communication. Any lawful communication to a Member of Congress (or their staff), a Department of Defense Inspector General, a CAP Inspector General (national, region or wing) or CAP General Counsel. Reports of wrong-doing (any communication in which a member of Civil Air Patrol communicates information that the member reasonably believes evidences a violation of law or regulation, mismanagement, a waste of funds or other resources, an abuse of authority, or a danger to public health or safety) may also be a protected communication. Those communications that are willfully false or made publicly with the ostensible purpose of harassment, intent to cause harm, annoy, embarrass, or disrupt the missions of Civil Air Patrol do not meet the definition of a Protected Communication.
